NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

\$30,000 for "Border Days."
Grangeville.—For the Border Days celebration to be held at Grangeville September 17-20, inclusive, a sum of \$30,000, or \$20 per capita for every inhabitant of the village, has been offered to handle the second annual pioneer celebration. The literature for the event has been issued and will be sent throughout the northwest. The Border Days association advertises that it will show the longest cowboy parade in the world.

Nez Perce Increasing.
Lewiston.—For the first time in the recorded history of the Nez Perce Indian tribe, the government's census this year will show an increase in their numbers, according to O. H. Lipps, who has supervision of all the Indian reservations in Idaho, Oregon, Washington and Montana.

STATION AGENT KILLED

Spokane Man Assassinated in Dead of Night.
Coeur d'Alene.—An assassin in the dead of night broke into the lovely home of E. B. Erwin, station agent at Grand Junction, on the Spokane & International Railroad, just across the Idaho line from Spokane and shot his man dead.

Erwin, who was 68 years of age, was telegraph operator, baggage master, express agent and performed other duties. So close was the assassin, who had broken into the station, that the fire from the powder set fire to Erwin's garments. The body was found by trainmen, who stopped at Grand Junction at 2:40 in the morning.

Robbery seems to have been the motive, but at least \$200 in cash was left behind, including money belonging to the railroad.

Charles M. Anderson was arrested at Rosalia, Wash., by Sheriff Bailey of Whitman county. He is suspected of the murder of Erwin.

He gave the officers no trouble en route, and came to this state without extradition, and told the authorities that he was in readiness any day to go to trial, notwithstanding the strong evidence that stood against him. He declares he is confident he can prove his innocence.

\$1,000,000 Road Planned.
Lewiston.—A good-road plan to involve \$1,000,000 is now planned for Nez Perce county, in which the county, state and federal government will co-operate. The government aid will come in the construction of a macadam road through what is known as the Lapwai valley, on the Indian reservation, upon which it will expend \$200,000, with county aid. This is in the hands of Theodore Sharp, Lapwai Indian agent.

DRY FARM WHEAT IS GOOD

Idaho Yield Estimated at 7,000,000 Bushels This Year.

Boise.—The dry farm wheat crop of Idaho this year will be the largest in the history of the state and is estimated at 7,000,000 bushels, by State Land Commission Day, after a personal investigation of the dry farming districts.

"This will be the greatest year in the history of Idaho for dry farm wheat," said Commissioner Day. "The crop is now assured and no additional rain is needed. As a matter of fact the dry farm crops this year are better than the irrigated. I confidently expect the crop to run 7,000,000 bushels."

Alfalfa growers suffered as a result of the rains. Only the most careful growers in Southern Idaho saved the first cutting. They will be able, however, to save their two remaining cuttings.

Peaches, pears, apples, prunes and grapes will bear abundantly and fruit-growers are preparing for a big harvest. Idaho has joined the North Pacific association and growers feel confident that they will get good prices in the east as a result.

Autos to Escort Lane.

Pocatello.—If present plans are carried out 50 automobiles from southeastern Idaho will act as an escort for Secretary of the Interior Lane and Assistant Secretary Miller through Yellowstone park this summer. Included in the party will be senators and representatives.
